Each dining option is a unique chapter in your culinary story at our resort. Whether you seek opulence, nature-inspired simplicity, or the thrill of a braai, we invite you to savor the diversity of our offerings and create unforgettable moments around the table.

Map Quest

Get your teams together with this fun teambuilding activity that combines the best of Alpine Heath and its activities. The teams will be given a map, which they will need to navigate through a series of predetermined challenges located all over the resort grounds. Teams will only advance once the challenge has been completed. The Games will be made up of challenges, after consultation with the facilitator.

Amazing Race

Stations are set out for your teams. At these stations, teams are required to collect a clue for an activity that needs to be completed in a set period of time. The team that completes the activity faster than all the other teams wins. This teambuilding activity will test how effectively you can manage your time.

Bridging the Gap

A fantastic exercise for during a conference tea break or after a long day in conference. Using miscellaneous objects and goods, teams need to construct a bridge from the one side of the table from a platform to the other side of the table on a provided platform. Objects in the provided kits may contain sticks, match sticks, sosatie sticks, spaghetti, sellotape, bubblegum, paper, cardboard, toffee sweets and many more. Creativity is at the hand of the day, and bridges will be tested for strength and presentation.

Game Show evening

After a day of conferencing, there is nothing better than to have your delegates sit back, relax and enjoy a spirit filled evening of classic game show games. Teams will be created on arrival and will partake in classic games such as Guess the tune, Family quiz, Spot the movie and many more. This is a perfect opportunity for delegates to mingle and socialise with each other and having entertaining and funny moments as talking points. Game show evening can be held and setup in one of our many available venues on site.

Island mini-Olympics

This will break the stigma of Teambuilding. An arena is set up pretty much anywhere on our grounds. In colourful presentation your delegates will compete in low impact and fun filled activities. Taking a "Club Med" approach of wacky, loud, and fun and rolling it into a fun filled teambuilding activity that has been tried, tested and succeeded every time.

Minute To Win It

Based on the popular TV show, contestants will have to complete a number of creative challenges using household items. And yes, as you guessed, each challenge needs to be completed in under 1 minute. Minute to Win It can even be utilised as activities in your conference tea breaks.

Survivor

We combine low impact, physical and mental endurance in this game. Teams will be given challenges inspired by actual survivor games as seen on television. In these challenges teams need to come together and unite to defeat the opposing "tribes". The Team leader will have to demonstrate bravery and courage, and the team will have to unite in their unique war dance. Keep in mind that the challenges are low impact and does involve problem solving skills.

All out Adventures

Experience the thrill of sliding between forested platforms, throwing back flips on the bungee bounce or flying on a circus trapeze. For a bigger thrill climb Africa's highest wooden spiral staircase and free fall 17m on the King Swing.
